

## **Yalena Carolina**

Yalena was born in Venezuela where she studied modern languages and linguistics at the university. Since graduating, she has been working as a language teacher and translator.

She is quadrilingual, speaking Spanish, English, Italian, and French fluently. In fact, she loves learning languages so much that she hopes to add a few more to her repertoire!

She enjoys reading, trekking, and cooking, but her greatest passions (outside of learning languages) are gardening/landscaping and traveling.
